Just had a great meeting with President Trump in the Oval Office.

Good to see the bust of Winston Churchill, there should be great things ahead for our two countries.

Check out my latest op-ed.

The Governor's family business remained open, while other cabinet & kitchen shops remained closed.

And abortions are still taking place, even though other elective surgeries are on hold. @PASenateGOP

I am introducing legislation to reopen PA for business - and get people back to work - as long as strict guidelines from the Center for Disease Control, and the US Labor Department, are followed. The current waiver process is flawed. @PASenateGOP

I plan on introducing legislation that would temporarily re-allocate revenues from PA's sports gambling toward property tax relief.

As a result of the COVID-19 pandemic, many homeowners are without work and will struggle to pay taxes. @PASenateGOP

More than 20 states have a process in place allowing remote notarization of documents. PA temporarily joined that group this week, when the Governor signed SB841 - it reflects my SB1097. Residents will now be able to purchase a car online. @PASenateGOP

Riddle me this: how do Republicans hold all the power yet can't bring the criminals to justice, but Democrats push all these hoaxes through and hold hearings non-stop? Is there one single Republican with balls besides Trump? Just one?

Voters should be confident when they cast their ballots that the electoral process will be consistent and devoid of fraud.

I have raised these concerns to State Department Secretary Kathy Boockvar. Unfortunately, the answers have never been inspiring.

There is mounting evidence that the PA presidential election was compromised. If this is the case, under Article II, Section 1.2 of the US Constitution, the state legislature has the sole authority to direct the manner of selecting delegates to the Electoral College. (1)

No reasonable person can look at this TOTAL DISASTER election and want this kind of precedent for our nation.

Dems may like the "projected" outcome now, but that is NOT how the law works.

Free and fair uncorrupted elections MATTER. That's why we have Article II, Section 1.2.

Bobby Piton, a man who gave an account of statistical fraud in Arizona moments ago, has been SUSPENDED from Twitter.

Again, Jack Dorsey has testified under oath that political views play no role in policy enforcement.

What are the odds that BOTH @bobbypiton and @dougmastriano were involved in hearings and violated Twitter's rules severely enough to be suspended in the same day?

ensure that all voices can be heard We must continue to make improvements to our service so that every one feels safe participating in the public conversation whether they are speaking or simply listening And we must ensure that people can trust in the credibility of the conversation and its participants

Let me be clear about one important and foundational fact Twitter does not use political ideology to make any decisions, whether related to ranking content on our service or how we enforce our rules We believe strongly in being impartial, and we strive to enforce our rules impartially We do not shadowban anyone based on political ideology In fact, from a simple business perspective and to serve the public conversation, Twitter is incentivized to keep all voices on the platform

The revolution has arrived a revolution wh ch can be peaceful if we are wise enough
compassionate if we care enough successful if we are fortunate enough
but the revolution s here whether we wanted it or refuse it.
We all can affect its character; we cannot alter its reality

Section 230, which is a liability shielding gift from the U.S. to "Big Tech" (the only companies in America that have it - corporate welfare!), is a serious threat to our National Security & Election Integrity. Our Country can never be safe & secure if we allow it to stand.....

As I said on @LouDobbs, if the issues we raised are not resolved, the nation cannot have confidence that @JoeBiden is the deserved winner.

If he is inaugurated under these circumstances, he cannot be considered "president" but instead referred to as the #presidentialoccupant.

If Republicans are now onboard with funding election security improvements, that's great. The House passed a bill in 2019. Have the Senate take it up for debate. This election is over.

Election stolen due to massive fraud. Still no answer on why 4 key swing states, and only 4 states, stop counting the votes in the middle of the night. Needed time to figure out how many fraudulent votes needed to overcome Trump

Trump and his supporters have their next chance to acknowledge the reality that Joe Biden is the president-elect, as the Electoral College votes. But they're not ready. Don't count on the dead-enders to do any such thing, but the vote will be one more huge blow to their effort

Metcalfe Petition Nears Threshold for Special Session on Election Issues

HARRISBURG – Pursuant to Article II, Section 4 of the Pennsylvania Constitution which states that "Special sessions shall be called by the governor on petition of a majority of the members elected to each House," Representative Daryl Metcalfe (R-Butler) congratulated the 78 House members and 12 Senators who have signed on to his petition to convene a Special Session on Election Issues.

"In an exercise of superior military strategy, General George Washington ordered the crossing of the Delaware River to defeat the British on Christmas night, Dec. 25, 1776," said Metcalfe. "By signing on to this emergency session petition, which would likely have to be convened during the last two weeks of December, my colleagues in the General Assembly are demonstrating their uncompromising commitment to fight for integrity in our elections and freedom for all."

The full petition can be reviewed here:

Sadly, the Governor has routinely dismissed allegations of election fraud. Instead of choosing to serve all Pennsylvanians, and caring enough to ensure that our elections were indeed free and fair, he has chosen loyalty to partisan politics. @PASenateGOP

Would it be legally viable? White House counsel already told him it wouldn't be But Powell/Flynn others are telling him what he wants to hear right now And if he went ahead with it, it would be destabilizing in a new way

Haha, you were there when Trump went over the pardons with his advisors? That's awesome, I had no idea you that close to Trump, and you have knowledge there was no evidence. You truly are awesome, my friend

3rd event. You backed the economic collapse of our great city, with intent of our great country, by restricting our constitutional right of movement and our ability to make money

Okay buddy, calm down. Pittsburgh isn't collapsing, and neither is the US We're not doing well, but we will get through it.

Where do you think all this money comes from? Peduto will be begging for a bailout soon and blaming everyone but himself for decimating thousands of biz And how is lockdown better than destroying a world economy? It's not. You just rode a unicorn right into this thread

1

A hard lockdown would've led to a quicker economic recovery. The short-sightedness of politicians who think like you are the reason we're still in economic limbo

Ever since the original COVID-19 Emergency Declaration was implemented, the Governor's edicts have been flawed, inconsistent and - in some cases - unconstitutional.

I am reintroducing a measure that will terminate the Emergency Declaration.

Our state has thousands of regs...many were enacted decades ago & have not been re-examined regarding relevance, appropriateness and cost.

I am co-sponsoring a bill by @SenatorKristin that would create an Independent Office of the Repealer. @PASenateGOP

The election was an embarrassment. The injustice is state legislatures where elections are questioned did not step up as a body and state their state was legitimate or illegitimate.

This is one of the reasons representatives like @dougmastriano held hearings in PA. The crazy things we've seen this election should be a wake-up call for people to start getting involved in the process.
The greatest deterrent in the future is active participation.

Electoral irregularities are real and prevalent in Pennsylvania. Sadly, despite evidence, our Governor and State Department Secretary refuse to investigate.

My letter to Acting Deputy Attorney General Richard Donoghue.

SENATOR

Acting Deputy Attorney General Richard Donoghue
U.S. Department of Justice
950 Pennsylvania Avenue, NW

RE: General Election Irregularities in Pennsylvania during the November 2020 cycle

Dear Honorable Donoghue,

Election fraud is real and prevalent in Pennsylvania. Yet despite evidence, our Governor and Secretary of State disgracefully refuse to investigate. Every legal vote must count. Our Republic cannot long endure without free and fair elections where each person has one legal vote. However, allegations of fraudulent activity as well as violations of election law in 2020 have placed the nation's eyes upon this Commonwealth.

Several of the key findings are delineated below:

I. Senate Majority Policy Committee Networker hearing review on statistical anomalies, such as hundreds of thousands of votes being dumped into a processing facility with 570,000 Vice President Biden, and only 3,000 for President Trump (https://policy.pasenategop.com/...5-0);

Testimony provided at a Senate hearing from witnesses in Philadelphia, Northampton, Luzerne, Montgomery, Allegheny and Delaware Counties detailed instances of:

(a) Interference with poll watchers' ability to perform functions as provided for in the state election code, specifically regarding the submission, review and canvassing of mail-in ballots;

(b) Delayed opening or closing of polling locations on Election Day;

(c) Improper forfeiture and spoiling of mail-in ballots;

That Republican State Legislatures in GA, PA, MI, WI & AZ.

Clearly see the Mountains of Evidence of Voter Fraud but

They're cool ignoring their Oath & looking the other way

Allowing Biden to Steal it?

Am I the only one?!

My letter to Acting Deputy Attorney General Richard Donoghue.

DOUG MASTRIANO
SENATOR
December 29, 2020

Acting Deputy Attorney General Richard Donoghue
U.S. Department of Justice
950 Pennsylvania Avenue, NW
Washington, DC 20530-0001

RE: General Election Irregularities in Pennsylvania during the November 2020 cycle

Dear Honorable Donoghue

Election fraud is real and prevalent in Pennsylvania. Yet, despite evidence, our Governor and Secretary of State manipulatively refuse to investigate. Every total vote must count. Our Republic cannot long endure without free and fair elections where each person has one legal vote. However, allegations of fraudulent activity as well as violations of election law in 2020 have placed the nation's eyes upon this Commonwealth.

Several of the key findings are delineated below:

1. Senate Majority Policy Committee hearing revealed statistical anomalies, such as hundreds of thousands of votes being dumped into a processing facility with 570,000 Vice President Biden, and only 3,200 for President Trump (https://policy.pasenategop.com/...5-20).

   Testimony provided at a Senate hearing from witnesses in Philadelphia, Northampton, Luzerne, Montgomery, Allegheny, and Delaware counties detailed instances of:

   (a) Interference with poll watchers' ability to perform functions as provided for in the state election code, specifically regarding the submission, review and canvassing of mail-in ballots;

   (b) Delayed opening or closing of polling locations on Election Day;

   (c) Ballot tampering, fraud and spoiling of mail-in ballots;

Now Twitter is disputing legislative documents from elected officials! Unreal that @dougmastriano is treated this way. Should be ILLEGAL.

(a) Interference with poll watchers' ability to perform functions as provided for in the state election code, specifically regarding the submission, review and canvassing of mail-in ballots

(b) Delayed opening or closing of polling locations on Election Day

(c) Improper forfeiture and spoiling of mail-in ballots

Part two:

Page 3 of 5
AG Donoghue

On the eve of Election Day the State Department encouraged some counties but not all to notify party and candidate representatives of mail-in voters whose ballots contained disqualifying defects thereby enabling voters to cure said defects. This was unprecedented as it had never happened before in our Commonwealth. Election law is very specific to the way defects of mail-in ballots are to be treated, and it provides no authority for county officials to contact campaigns, or other political operatives, to affect the cure of such defects.

Actions taken by the PA State Supreme Court and Secretary Boockvar in the 2020 general election were so fraught with inconsistencies, improprieties and irregularities that the results for the office of President of the United States cannot be determined in our state.

This election is an embarrassment to our nation. John Adams rightly said that "Facts are stubborn things," and armed with this, as Jesus stated, "We shall know the truth and the truth shall set us free." What happened on November 3, 2020 must be immediately addressed using facts and the testimony of the good people of our state.

Sincerely,

Senator Doug Mastriano
33rd Senate District

In a country with a free press, you would know:

1. The Georgia Senate Judiciary Committee issued a report demonstrating the vote was stolen from @realDonaldTrump.

2. The vote was unanimous and BIPARTISAN to audit Fulton County's Absentee ballots.

3. And to de-certify Biden.

MAKE IT MAKE SENSE!

Be ge reten 2 2

Senator but do speak for my constituents when they raise legitimate concerns about issues as important as the fairness of our elections.

For example, in Pennsylvania: since the nineteenth century, the Pennsylvania Constitution has required all votes to be cast in person, with narrowly defined exceptions. This fact is widely acknowledged. Pennsylvania courts have ruled on this question multiple times. But last year, the state legislature enacted a new law purporting to permit voting by mail for any reason, directly contradicting the state constitution. This November, state officials put the new law into effect. More than 2.5 million Pennsylvanians voted by mail on November 6 (or after), in numbers far exceeding the margin of difference between Donald Trump and Joe Biden. When Pennsylvania Congressman Mike Kelly and others challenged the law, the Pennsylvania Supreme Court threw out the case without hearing the merits—violating its own precedent in doing so. To date, no one has mounted a substantive defense of the state law under which the November election was conducted. And contrary to Senator Toomey's claims, no court has ruled on the merits of this question. These are very serious irregularities, on a very large scale, in a presidential election.

could go on. But instead of debating the issue of election integrity by press release, conference call or e-mail, perhaps we could have a debate on the Senate floor for all of the American people to judge. That is what we were elected to do and it is, I suggest, what we owe to our constituents.

Missourians have been loud and clear that they do not believe the presidential election was fair. Instead of following the media's example and lecturing our constituents, I believe it is my responsibility as a Senator to raise their concerns in the forum allowed to members of Congress. That's exactly what I intend to do. And I hope that we can have a vigorous debate full of substance and free of shameless personal attacks.

Best,

Josh

PA has spoken. The legislators are overruling the Secretary of State.

Senate of Pennsylvania

January 4, 2021

Honorable Mitch McConnell
The Majority Leader
United States Senate

Washington, DC 20510

Honorable Kevin McCarthy
Republican Leader - US House of Representatives
2468 Rayburn House Office Building

Dear Leader McConnell and Leader McCarthy

As members of the Pennsylvania Senate, we believe in the integrity of the election process. After speaking with our colleagues, a majority of the State Senate is troubled by the many inconsistencies that happened in our Commonwealth during the 2020 election.

Due to numerous unlawful violations taken by Pennsylvania Governor Tom Wolf, Secretary of State Kathy Boockvar, and the rogue State Supreme Court, the balance of power was taken from the State Legislature, who by the U.S. and PA Constitutions, set the time, place and manner of holding elections.

Act 77 of 2019 that was signed into law, provides the following clear provisions:

- All mail-in ballots must be received by 8:00 p.m. election night.
- Officials at polling places must authenticate the signatures of voters.
- County Election Boards may begin pre-canvassing of absentee and mail-in ballots after 7:00 a.m. on election day.
- Poll watchers selected by candidates and political parties are permitted to observe the process of canvassing absentee and mail-in ballots.
- No provisions were made for drop boxes or "curing" of ballots.

Seven weeks before the 2020 General Election the PA Supreme Court oversteppped

If Vice President @Mike Pence comes through for us, we will win the Presidency. Many States want to decertify the mistake they made in certifying incorrect & even fraudulent numbers in a process NOT approved by their State Legislatures (which it must be). Mike can send it back!

The most surprising thing about this argument is how few people are making it. Just this clown on WSJ and the odd rando on Twitter. Everyone else can see the connection between rhetoric and action for what it is.

Ben Franklin was born today in 1706 in Boston, the 8th of 10 children for his mother (his father had 17 total children, including his first wife).

An inventor, businessman, and diplomat, he's perhaps second only to Washington in his importance as a Founding Father.

I will not stay silent regarding this glaring double standard. Rioting, looting, and destroying federal property has been applauded and deemed virtuous for the last 4 years.
So what changed?

Please spread this video far and wide.

The Trump presidency has been better than I expected it would be, and it could have been even better. There is no denying his successes — or his mistakes. Both will last. Above all, it has been an exciting four years, when anything could — and often did — happen. I will miss him.

While the Governor has a role in comprising a cabinet, it is up to the Senate to ascertain competence.

I was a “no” vote when State Dept Secretary Kathy Boockvar was confirmed in November of 2019 - - - she announced her resignation today.

Competence is vital for cabinet positions

I voted "no" when State Dept Secretary Kathy Boockvar was confirmed in 2019.

Boockvar, who oversees elections, is reportedly resigning, due to a recent error.

Unfortunately, incompetence was prevalent during her tenure. @PASenateGOP

This how it should be. As long as the government is not mandating anyone or any business to force the vaccination. Now if a company requires it as a prerequisite to employment that's something the courts will decide on.

@SenatorBiaggi

#BREAKING: Tonight I issued a statement regarding assertions of sexual harassment against Governor Cuomo.

As a New Yorker, a legislator, Chair of the Senate Ethics and Internal Governance Committee, and a survivor of sexual abuse, I am calling for Governor Cuomo to resign.

Senator Alessandra Biaggi Issues Statement Regarding Multiple Assertions Of Sexual Harassment Against Governor Cuomo

"The assertions against Governor Andrew M. Cuomo by Charlotte Bennett detail behavior that is unacceptable. I am especially horrified by the comments the Governor made to Charlotte about her experience with sexual assault — comments he did not deny making. They are the epitome of a hostile work environment.

I commend the courage of Ms. Bennett and Lindsey Boylan for coming forward. The harassment experienced by these former staffers is part of a clear pattern of abuse and manipulation by the Governor, and that pattern makes him unworthy of holding the highest office in New York.

A truly independent investigation into the allegations made by Ms. Bennett, Ms. Boylan, and any forthcoming survivors should take place — but the Governor's influence touches all entities in New York that might review his conduct. The current review, arranged by the Governor's team and overseen by an individual who has a work history with his close associates, does not meet any standard of independence. While a truly independent investigation may uncover more evidence or instances of abuse, the existing details are sufficient for me to form my conclusion.

As a New Yorker, a legislator, Chair of the Senate Ethics and Internal Governance Committee, and a survivor of sexual abuse, I am calling for Governor Cuomo to resign."

Honored to have the endorsement of PA state Senator @dougmastriano He is by far the conservative voice for the people of Pennsylvania. A leader and patriot. This is the man who led the charge to investigate election integrity issues for President Trump and PA voters.

PA guidance was issued 18-Mar; over a month prior to this CDC document. There were plenty of states that didn't issue this guidance and had less deaths in their facilities. PA could've done field hospitals rather than taking such a huge risk with vulnerable people.

The Department of Health has received questions from nursing care facilities, associations, and constituents regarding best practices in nursing homes related COVID-19 including visitation policies. The Department is supporting guidance on critical measures issued by CMS for all nursing facilities, advise that facilities do the following:

- Restrict all visitors, effective immediately, with exceptions for compassionate care, such as during end-of-life situations.
- Restrict all volunteers, non-essential health care personnel and other personnel (i.e. barbers).
  - This does not include the following:
    - Home health and dialysis services.
    - The Department of Aging, Area Agencies on Aging and the Department of Human Services *where there is concern for serious bodily injury, sexual abuse, or serious physical injury*, and
    - Hospice services offered by licensed providers within the nursing home facility.
- Restrict cross-over visitation from personal care homes (PCH), Assisted Living, and or Continuing Care Community residents to nursing homes. Ensure cross-over staff adhere to the facility's infection disease protocol.
- When there is evidence of community spread of COVID-19 within your county or adjacent counties, nursing care facilities should cancel all communal activities.
- When there is no community spread of COVID-19 within their county or adjacent counties, facilities should, at a minimum, implement social distancing in dining practices and group activities. The following recommended approaches should be considered:
  - **Testing**
    - Implement active screening of residents and health care personnel for fever and respiratory symptoms (Recommended Screening Questions below).
    - Staff should be screened at the beginning and end of every shift, and
    - Complete a Facility Entry Screening Form for each screening (Template accompanies this guidance).
    - If employees are ill or become ill during their shift, CMS recommends that facilities have employees put on a facemask and end their work shift, leave the building, and self-isolate at home.

I have no doubt that @dougmastriano would be an amazing VP, however, I'm honestly leaning towards Flynn. Mastriano reminds me a lot of Pompeo, class, intelligence and strength. I think he should reform the FBI. Allow Americans to trust our 3 letter agencies again.

There is no way he should stay at a state level. Our country needs more politicians like him, that are unwavering in their love for our country and its people. Too many are able to be sold to the highest bidder.

Democrats refuse to admit it now, but in 2019, Biden, Harris, and Pelosi had no problem saying there was a "crisis" at the border.

Today, nearly twice as many unaccompanied migrant children are being apprehended daily at our Southern Border as at the 2019 peak.

What changed?

What's happening at our border in El Paso is unmistakably a **humanitarian crisis** leaving families outdoors in cramped, unsanitary conditions with little or no access to hot food and showers is cruel and a violation of their human rights

Joe Biden has over 17,600 detained minors in government custody

That's nearly 5 TIMES as many minors in custody under Biden than at any point under Trump

I wonder why @AOC is so silent? Does she have a new photo op at the border planned any time soon?

Why does Dr. Fauci badmouth Texas for opening our economy while staying SILENT on the super-spreader CRISIS at our border? If anyone thinks a restaurant at 100% capacity is a bigger problem than our border facilities at 2,500% capacity, then their motives are POLITICAL. Ignore!

TODAY IN HISTORY:
04/29/2004, the WWII Memorial opened in Washington, D.C., providing overdue recognition for 16M U.S. men & women who served. Only a fraction would ever see it, as 4M World War II veterans were still alive at the time. GOD BLESS OUR #Veterans 🇺🇸🇺🇸🇺🇸

I will say that this was a quiet red pill moment for me when this event happened. I was still a leftist, hardcore liberal, but it was one of those things I noticed that made me question as to why it was covered like the way MSM did. And how it was all forgotten about.

Ca ing out communists means standing up to women because they make up a majority of the left. The R ght is hopelessly wh pped by the aggressive women they helped create and don t want to share responsibi ty for that. I think lots of this "standing up" is just posturing.

All Your works with joy surround You,
Earth and heav'n reflect Your rays,
Stars and angels sing around You,
Center of unbroken praise,
Field and forest, vale and mountain,
Flow'ry meadow, flashing sea,
Chanting bird and flowing fountain
Praising You eternally!

Always giving and forgiving,
Ever blessing, ever blest,
Well-spring of the joy of living,
Ocean-depth of happy rest!
Loving Father, Christ our Brother,
Let Your light upon us shine,
Teach us how to love each other,
Lift us to the joy divine.

May 24, 2021

Statement by Donald J. Trump, 45th President of the United States of America

New Hampshire's Election Audit has revealed that large-scale voting machines appear to count NON-EXISTING VOTES. State and local communities are seeking confirmation. It's probably true, but we'll soon know. Why aren't Minority Leader Mitch McConnell and Republicans doing anything about what went on in the 2020 Election? How can the Democrats be allowed to get away with this? It will go down as the Crime of the Century! Other States like Arizona, Georgia (where a Judge just granted a motion to unseal and inspect ballots from the 2020 Election), Michigan, Pennsylvania, and more to follow

Breaking News! Massive numbers of dead people "voted" in the 2020 Presidential Election, far greater than anyone has known or seen before. Some of these "dead people" even applied for an application to vote. This is just one of the many fraudulent aspects of the 2020 Presidential Election. People are just now beginning to understand!

DONALD J. TRUMP

May 31, 2021

Statement by Donald J. Trump, 45th President of the United States of America

On this Memorial Day, we remember the fallen heroes who took their last breaths in defense of our Nation, our families, our citizens, and our sacred freedoms. The depth of their devotion, the steel of their resolve, and the purity of their patriotism has no equal in human history. On distant battlefields, in far-off oceans, and high in the skies above, they faced down our enemies and gave their lives so that America would prevail. They made the supreme sacrifice so that our people can live in safety and our Nation can thrive in peace. It is because of their gallantry that we can together, as one people, continue our pursuit of America's glorious destiny.

We owe all that we are, and everything we ever hope to be, to these unrivaled heroes. Their memory and their legacy is immortal. Our loyalty to them and to their families is eternal and everlasting.

America's warriors are the single greatest force for justice, peace, liberty, and security among all the nations ever to exist on earth. God bless our fallen Soldiers, Sailors, Coast Guardsmen, Airmen, and

.@POTUS45:

"The funding of Wuhan by the U.S. was foolishly started by the Obama Administration in 2014 but ended under the Trump Administration. When I heard about it, I said 'no way.' What did Dr. Fauci know about 'gain of function' research, and when did he know it?"

PRESIDENT DONALD J. TRUMP

June 3, 2021

Statement by Donald J. Trump, 45th President of the United States of America

After seeing the emails, our Country is fortunate I didn't do what Dr. Fauci wanted me to do. For instance, I closed our Borders to China very early despite his not wanting them closed. The Democrats and the Fake News Media even called me a "xenophobe." In the end, we saw this was a life-saving decision, and likewise with closing our borders to Europe, specifically to certain heavily infected countries. I was later given credit, even by "Tony," for saving hundreds of thousands of lives. Dr. Fauci also didn't put an emphasis on speed of vaccine production because he thought it would take 3, 4, or maybe even 5 years to create. I got it done in less than 9 months with Operation Warp Speed. In retrospect, the vaccine is saving the world. Then, I placed the greatest bet in history. We ordered billions of dollars' worth of vaccines before we knew it even worked. Had that not been done, our wonderful vaccines would not have been administered until October of this year. No one would've had the shot that has now saved the world and millions of lives!

Also, Dr. Fauci was totally against masks when even I thought they would at least be helpful. He then changed his mind completely and became a radical masker!

SAVE AMERICA
PRESIDENT DONALD J. TRUMP

June 4, 2021

Statement by Donald J. Trump, 45th President of the United States of America

Great patriots led by State Senator Doug Mastriano, Senator Cris Dush, and State Representative Rob Kauffman went to Maricopa County, Arizona, to learn the best practices for conducting a full Forensic Audit of the 2020 General Election. Now the Pennsylvania Senate needs to act. Senate President Jake Corman needs to fulfill his promise to his constituents to conduct a full Forensic Audit. Senator Dave Argall, Chairman of the State Government Committee, has to authorize the subpoenas, if necessary. The people of Pennsylvania and America deserve to know the truth. If the Pennsylvania Senate leadership doesn't act, there is no way they will ever get re-elected!

A lot of misinformation comes from fake news, but even more comes from our own refusal to research fact and question things.

People WANT to blindly believe one random thing they saw online, and don't realize the context, that it's dated, has been addressed, or is outright false.

SCOTUS rules 9-0 against non-citizens who entered the U.S. without authorization in the 1990s, were allowed to remain in the country for humanitarian reasons under the "temporary protected status" program, and now seek green cards under the "adjustment of status" process.

In plain English: A married couple entered the U.S. from El Salvador. They're protected from deportation under a program in which the U.S. doesn't send people back to nations in crisis. The couple applied to become lawful permanent U.S. residents. SCOTUS said they don't qualify.

Statement by Donald J. Trump, 45th President of the United States of America

Congratulations to the country of Nigeria, who just banned Twitter because they banned their President. More COUNTRIES should ban Twitter and Facebook for not allowing free and open speech —all voices should be heard. In the meantime, competitors will emerge and take hold. Who are they to dictate good and evil if they themselves are evil? Perhaps I should have done it while I was President. But Zuckerberg kept calling me and coming to the White House for dinner telling me how great I was 2024?

PRESIDENT DONALD J. TRUMP

[illegible] 2021

Statement by Donald J. Trump, 45th President of the United States of America

Great patriots led by State Senator Doug Mastriano, Senator Cris Dush, and State Representative Rob Kauffman went to Maricopa County, Arizona, to learn the best practices for conducting a full Forensic Audit of the 2020 General Election. Now the Pennsylvania Senate needs to act. Senate President Jake Corman needs to fulfill his promise to his constituents to conduct a full Forensic Audit. Senator Dave Argall, Chairman of the State Government Committee, has to authorize the subpoenas, if necessary. The people of Pennsylvania and America deserve to know the truth. If the Pennsylvania Senate leadership doesn't act, there is no way they will ever get re-elected!

Hi there, after I made repeated requests for an interview, PA state Sen. Doug Mastriano called me around 4:30 p.m. local time. I interviewed him for roughly 10 minutes. I'll tweet some updates here, as part of #AZAuditPool.

I asked Sen. Mastriano if he wants Pennsylvania to conduct an audit like in Maricopa. "I do," he said. I asked him to clarify if he meant the 2020 presidential election, and he said that he would like an audit of the November election #AZAuditPool

I asked when he'd want PA to start an audit. He said it's not up to him, said the majority of the Republican caucus or some Democrats would need to support an audit. Then he said that he'd like to see an audit this summer. "It should have already happened," he said. #AZAuditPool

Here are reasons I've heard from people declining COVID vax:

- Object to aborted fetal cell use
- Experimental, not FDA approved
- No info on longterm effects
- Already had COVID & immune
- Other health issues make it unsafe

This doesn't seem "anti-vax" to me. These seem valid.

I love that we listened to 4 years of baseless accusations that the Trump family was racist —only to have the media stay mum about Hunter using the n word.

#SB1241 will allow for officials to be able to check signatures, contact the voter to "fix" their signature, and if someone else turned in that ballot (fraud), the AG can investigate.
